SOURCE EVALUATIONS ARE REQUIRED

1. Six ocean going vessels were being built  for China. Two vessels were being built at the Neptunewerft at Rostock, East Germany; two at the large yard in Danzig, Poland  25X1
2. In Shanghai, the Chinese fear that the transfer will not take place because bunkers may not be available for the trip to China and because of the Chinese Nationalist Navy. They hope that by the time the ships are completed, the international situation would be improved so that there would be no impediment to the delivery. 25X1
